As the judge said on the mic at the WTC, "This is one that can move the breed forward!" Coming from a firm that is on fire in the Hampshire ring, it is an honor to bring Indian Feather home to Goldrush. This guy puts so many positive pieces together! From his foot, bone, and feature, to his proportional length and elevation; he is not only stout, but has a ton of look. His dense skull followed by a thick forearm and big square back is what it takes to win at an elite level. His hock and pastern set are spot on allowing him to motor and move with comfort and ease. There is no doubt we agree that he has what it takes to sire elite Hampshire hogs that will make a lasting impact.

Example is one of the most anticipated Hampshire boars we have brought into Goldrush in a long time. We purchased him from Platt and his sire Exclamation is on a tremendous winning streak. We have been looking for an Exclamation son and Example is a spitting image of his daddy with a monster leg. As you analyze him, Example is a beast. He is stout legged, big backed, and tremendous in his hip and hind leg. He is busted open underneath from end to end while having length of neck and a cool look from the side. Example's mother is a littermate to the Reserve Champion Hampshire Boar at the 2022 Summer Type Conference that Heimer showed. A power packed pedigree back by an elite boar!

This guy is stout headed, wide topped, and big centered, yet when you step to the side, he is tall shouldered and clean fronted. He is monster boned and big toed. On the move, he takes a great stride. The mother of Past Curfew is a sow the Muegge's call Serena. She is a littermate to the 6th Overall Barrow at the 2019 Indiana State Fair. Serena is one of the most potent and consistent generators they have ever had. They have built their Hampshire sow herd around her progeny. We feel Past Curfew is a must use boar.

The sire side of the pedigree intrigues us as he is sired by FACTS. As you follow FACTS pedigree back, there is Set the Bar, World Class, Prime Time, Raise the Bar, The Game, and the list goes on. On the bottom side is Blind Draw. Truth is a boar that is super attractive as you watch him on the side profile. He is tall shouldered and level topped, while being super clean fronted through his neck. His neck and head carriage really stands out. When you step behind him you are equally impressed with his true muscle mass down his top and stoutness out of his hip. He is also stout boned and athletic in his movement.

We purchased Rumble from Wendt's dispersal sale. Rumble is making a big splash in the Hampshire breed and sired the Champion Hampshire Barrow at the 2023 NAILE. Here is what Kevin Wendt had to say about Rumble: "I first saw Rumble when he was 75 pounds and was not even named Rumble. I tried to buy him that day and the next three times I saw him on every trip to Ada, Oklahoma, after that initial visit. Joe decided to sell a semen share to a group of Hampshire breeders including Savage Genetics, Heimer Hampshires, and Wendt Livestock. Rumble has that ability to sire true Hampshire muscle shape and bone more than most Hampshire boars available today. His stout features, huge legs, and athletic nature make him a boar with tremendous upside. Numerous champions have been sired by Rumble including the Champion Boar at the Missouri State Fair purchased by Heimer and the popular Ava Humphrey gilt purchased by Premium Blend at Louisville. His first daughters have been excellent in the crate as well. His mother, 1-4, is a front pasture sow. I have seen a bunch of Hampshire boars during my lifetime and Rumble is a top 5 of all time for the look that makes Hampshire's unique. RESPECT THE BELT!"

His littermates are making a name so far knocking down Reserve Grand Barrow 2024 Breeder's Cup, and two mate gilts making it into the Top 5. It was one of those mate gilts, shown by the Seaburn Family that grabbed our attention at a jackpot show in Ohio, and had KP calling Blane to see if she had a brother. Sure enough, it began the talks to getting Cover Art here at Goldrush. Cover Art is a dense made boar with bulk and build that just comes naturally. His forearm and bone stoutness is impressive. His genuine width up high and mass coming out of the backside of his blade all the way through his upper hip is bulky yet fresh. When Big Maple hit the yard at Becks, we knew we had to have him. Big Maple comes from a sow line that is impressive. His mother was the Reserve Champion Duroc at the 2023 NJSA Southeast Regional. His grandmother, 12-2, was the Grand Champion Overall Gilt at the 2018 NJSA Eastern Regional and she has also raised the Grand and Reserve Champion Gilt at the 2020 Southeast Regional, Grand Overall Gilt at the Eastern Regional, and Reserve Overall at Kansas City. Big Maple is impressive! This guy combines that cool, show ring look from the side with natural muscle width and dimension when you step behind him. He sets his feet down squarely at the ground, is super athletic in his movement, and has good shape to the center part of his body. This guy will help add look and true muscle shape.

No introduction is needed to tell you all the success and the positive impact the Kilmer's have had on the Yorkshire breed. To say we are excited to get Defender here would be an understatement. Defender's mother was the 4th Overall Yorkshire Gilt at the 2023 Indiana State Fair, which confirms that great boars are generated from great females. Tall shouldered and clean fronted with a bold chest and ideal muscle shape are the defining attributes of Defender. Tremendous bone and a wide base along with a big ring side profile look compliments this one-of-a-kind Yorkshire boar. Out on the move he is in a league of his own with his ideal range of motion and his ability to place them wide and square on the ground. Simply put, Defender is one of the top Yorkshire boars!

He breeds Yorkshires that he believes in. My excitement met reality when George let out Bad Boy. He is one of the very best Yorkshire boars I have had the opportunity to own. Chills is one cool creature! Named perfectly as he has given us Chills since the day he stepped onto the farm after purchasing him at The Get Together. He has the same Mother as Fever Pitch and the incredibly successful Wischmeier barrow that won the American Royal Spring Show and was Grand Champion or Reserve Grand Champion at 10 other shows in 2024. Knowing the dominance of this sow with a Ruthless litter this time, we knew we had to have Chills in Albany. His look, build, density, bulk, and overall intriguing look are second to none. The turn and shape that he has down his topline is real, along with his stout forearm and wide toe spread. He is a barrow backed boar, that still has length to his hip, taking an incredible stride out of his hind leg. He was one unique boar little but has continued to get better and more intriguing as each day passes. Knowing how proven Fever Pitch has turned out and seeing Ruthless on the top side of this pedigree, I can confidently put my faith in Chills.

Thank you to the Wintex crew for bringing Sure Thing up to Goldrush! This is truly a powerhouse boar that is absolutely impressive to walk into the boar barn and see each day. Sure Thing's density and natural bulk is incredible. You'd think a boar from Texas coming to Indiana in the middle of a snowstorm in winter would lose some volume, not the case when it's all genuine bulk. His foot, forearm, and toe spread are bold, his back shape is wide and square. My favorite view is his chest shot as he is opened up in his upper chest, with the right knee and toe placement. His three-quarter view going away is square and real in his upper hip with a stout hind leg that can motor and move. We are very excited about Sure Thing.

On April 20, 2024 while judging a jackpot show in Ohio, KP and Lynsee saw a Berkshire gilt that they both named Grand Champion Overall and easily identified her as one who would do big things in the summer of 2024. That evening on the drive home, a call was made to the breeder of that gilt, Doug Albright, and it was then we found out about her littermate brother Unsurpassed, and that he would be in The NSR Draft. Aimee and Lynsee made the trip to Coldwater, Michigan and sure enough Unsurpassed was EVERYTHING they had hoped for. Upon The NSR Draft, there was only one boar that was an “absolutely must have, can’t walk away from boar.” Quite frankly, we knew he was the most genuine boar in The Draft. Period. Not only because of his quality but including the fact that his littermate sister had continued to be on a winning streak this summer. Shown by the Elchinger Family, Unsurpassed littermate’s sister was never beaten in the Berkshire Division and won Grand Champion Gilt Overall several times, including Champion Berkshire Gilt and 5th Overall Gilt at the Exposition. Unsurpassed is flexible, square, genuine in his muscle pattern, built right from the ground up and comes from one of the most distinguished Berkshire herds in the country. Hopefully, you can sense our excitement on this boar! We are so thankful that he is at Shaffer’s Goldrush, and we are hopeful he can do for your Berkshire program what we dream he will! Aimee and Lynsee took a trip to Michigan in search of a great Berkshire boar and happened to come upon not one but two! Yacht Club might be the most interesting find yet! Here's what Doug had to say about him as he offered him in The Exchange "This is only the second son we have offered out of Special Effect's Mother. Being sired by Dig Deep, he is an outcross to all the Top It Off lines. He is great marked with big, big hairy legs that it takes to win. Only one littermate sister was sold, and she is rolling through the Iowa show series. Lots and lots of faith in his ability to make the breed better and more consistent!"

We agree with every remark he had to say and want to double down on the fact that great boars come from great sows and no doubt his mother is one of the best in the industry! Also, his back shape, bone, shag, and amazing Berkshire markings make him one of the most unique Berkshire boars to surface!

Shortly after he went on to be named the Grand Champion and Breeder's Cup Boar. This guy combined that show ring look with natural width and dimension. Noble is a stout skulled, square topped boar with a groove down his back. He also carries width and true shape out through his stifle. At the ground, he sets his feet down squarely and wide tracking. If you are needing to add more natural mass and still keep them pretty, use Noble!

His look is unmatched! The way his head and neck ties high into his shoulder blade with a chiseled jawline already sets him apart as an elite Landrace boar. Then match that fresh look with a huge hind leg set and you realize this guy really is different. His mother is a littermate to Happy Hour and I believe that Outside the Lines will be just as much of a breed changer. We are so thankful to the Perry family for allowing this guy to come to Albany, IN.
